1. The MFT Section # is the project number assigned by IDOT to MFT projects based on year and type of project.
2. The MFT Allotment is the amount VBH receives during a month from the state.
3. "Credits to Unobligated" refers to monies that had been designated to a specific project, but upon conclusion of the project were not used. (For example, a resolution is passed in the amount of \$70,000 for an MFT project, and the final project costs are \$60,000. At the conclusion of the project IDOT would credit \$10,000 back to the unobligated balance.) Can also refer to general credit to MFT Account.
4. Village MFT Account Summary and IDOT Account Summary will vary, primarily due to the following: (1) Barrington Hills Account Summary is updated when payment is cleared; IDOT Account Summary is updated when final paperwork is submitted, and (2) Barrington Hills Account Summary reflects monthly interest payments, while IDOT Account Summary is updated for interest only periodically.
